IMTEX Connect 2021 – A Success Story!

The first digital exhibition on IMTEX, “IMTEX Connect 2021”, organized by Indian Machine Tool Manufacturers’ Association (IMTMA) from 21st to 27th January 2021, concluded on a positive note.

The show drew an excellent response from exhibition industry stakeholders from across the world, featuring 94 exhibitors and 7365 visitors from 45 countries. The feedback from exhibitors has been impressive and many were satisfied with the business and networking that they were able to do on the digital platform. User industries connected with the latest innovations in 3D printing and Industry 4.0 concepts at B2B lounges.

The Retrospect summarises the grandeur of IMTEX Connect 2021, demonstrating its success.

Inauguration

IMTEX Connect 2021 was inaugurated by Mr. Jamshyd N. Godrej, Chairman - Exhibitions, IMTMA, Mr. Indradev Babu, President, IMTMA, Mr. Ravi Raghavan, Vice President, IMTMA and Mr. V. Anbu, Director General & CEO, IMTMA on 21 January 2021.

IMTEX Connect 2021: Key Facts and Figures

Exhibition Days	7 (21 st - 27 th January 2021)
Number of Exhibitors	94
Number of Visitors	7365
Number of Countries (Visitors)	45
5 International Associations	<ul style="list-style-type: none"> • Advance Manufacturing Technologies (AFM), Spain • The Association for Manufacturing Technology (AMT), USA • Japan Machine Tool Builders' Association (JMTBA)

	<ul style="list-style-type: none"> • Korea Machine Tool Manufacturers Association (KOMMA) • UCIMU-Sistemi Per Produrre (UCIMU), Italy
Partners	<ul style="list-style-type: none"> • DHI (Department of Heavy Industry) • Advanced Machine Tool Testing Facility (AMTTF) • Advanced Manufacturing Technology Development Centre (AMTDC) • Tumakuru Machine Tool Park (TMTP)
11 Technical Sessions	<ul style="list-style-type: none"> • TRIZ - An approach for Systematic Innovation • OEE - A simple tool for improving productivity" • Metal 3D Printing - Technology of near future • Best Practices for Manufacturing Cost Reduction • Workholding and Fixturing Systems for Productivity Improvement in CNC Machines • Industry 4.0 - Indian context • Achieve cost reduction in manufacturing by implementing GD&T • How to achieve Zero Down time in CNC machines? • Data Analytics in manufacturing • CNC Machine Tool Testing and Accuracy Measurement • Light-Weighting of Automobiles

Media Coverage

"IMTEX Connect 2021 brings industry together"

Delivering the vote of thanks, Ravi Ragharan, Vice President, IMTMA said, "IMTEX Connect 2021 will be a trendsetter for developing the machining and manufacturing ecosystem by bringing stakeholders connected in tight times. Earlier, in his welcome speech, Atma said, "Business is bouncing back after the coronavirus induced lockdowns and the prolonged economic slowdown. Industries are transforming and becoming agile with optimization of resources, leveraging innovations and new products. Around 90 exhibitors are participating in IMTEX Connect 2021 and IMTMA expects around 8000 visitors from major manufacturing industries to participate in the show. The event features technical sessions, B2B meetings and participation from 5 international associations. The show has received encouraging response from visitors across 28 countries."

IMTEX Connect 2021 – Machine Tool Industry- the key driver for Atma Nirbhar Bharat

Indian Machine Tool Manufacturers' Association (IMTMA) launched the first IMTEX Connect on digital platform today. Keeping in view the market conditions and changing business dynamics, IMTMA is organizing the event on the digital platform from 21st to 27th January 2021. The event will connect IMTEX exhibitors with visitors.

IMTEX Connect 2021 Manufacturing and Machine Tool Show on the Digital Platform

IMTEX Connect 2021 will connect manufacturing technology providers and machine tool builders with user industries from various countries.

Bangalore, January 2021: Business is bouncing back slowly following the coronavirus induced lockdowns and the prolonged economic slowdown. Rising sentiments have been strengthened with encouraging orders and sales in recent months. Industries are transforming and becoming agile with optimization of resources and strengthening their business plans to become resilient. Aided by Government policies, industries are actively looking for opportunities in newer segments.

Keeping in view the market conditions and changing dynamics in business, Indian Machine Tool Manufacturers' Association (IMTMA) is organizing the first IMTEX Connect on digital platform from 21st to 27th January 2021. IMTEX Connect 2021 will connect manufacturing technology providers and machine tool builders with user industries from various countries. The show will be a pre-cursor to IMTEX 2021 & Tooltech 2021 to be held at Bangalore International Exhibition Centre (BEC) in June 2021.

Speaking about the potential of IMTEX Connect, Indradev Babu, President, IMTMA said, "With the economic measures extended by the Government of India to the manufacturing community, industries are keen to adopt new-age technologies to keep pace with technological advancements. IMTEX Connect will be a medium for user industries to digitally explore the technologies that would be on display at IMTEX 2021."

Concluding with Mr Indradev Babu's views, V Anbu, Director General & CEO, IMTMA-B&C said, "IMTEX Connect will also be an opportunity for machine tool builders to focus on champion sectors such as automotive, aerospace and defence, electric and electronics, railways, medical, etc., which hold immense possibilities to drive growth in manufacturing."

IMTEX Connect 2021 will enable machine tool manufacturers from various countries to renew their connections with IMTEX visitors. The show will create opportunities for exhibitors and visitors across geographical regions to connect, network and gain hands for mutual business benefits.

IMTEX Connect 2021 held as virtual event

IMTMA organized the event on the digital platform from 21st to 27th January 2021.

Bangalore, January 21, 2021: Indian Machine Tool Manufacturers' Association (IMTMA) launched the first IMTEX Connect on digital platform on January 21. Keeping in view the market conditions and changing business dynamics, IMTMA organized the event on the digital platform from 21st to 27th January 2021. The event will connect IMTEX exhibitors with visitors.

Mr Jayraj N Gopin, Chairman - Exhibitors, IMTMA, Mr Indradev Babu, President, IMTMA, Mr Ravi Ragharan, Vice President, IMTMA and Mr V Anbu, Director General & CEO, IMTMA, presided over the inauguration.

Speaking at the inauguration, Mr Gopin said, "The use and evolution of digital platform has been a boon for industries as people could connect digitally to conduct business and achieve their goals. Industry has taken good advantage of the digital platform and we expect show like IMTEX Connect to be the beginning of many such initiatives to come."

Mr Indradev Babu, President, IMTMA, in his address said, "IMTEX Connect 2021 will be a medium for the manufacturing industry to digitally explore all the technologies that will be on display. The show will throw light on why industry should embrace an integrated approach to increase productivity and prepare people, processes and technology as part of their journey for manufacturing excellence."

Delivering the vote of thanks, Mr Ravi Ragharan, Vice President, IMTMA said, "IMTEX Connect 2021 will be a trendsetter for developing the machining and manufacturing ecosystem by keeping stakeholders connected in tight times."

Earlier, in his welcome speech, Mr Anbu said, "Business is bouncing back after the coronavirus induced lockdowns and the prolonged economic slowdown. Industries are transforming and becoming agile with optimization of resources, leveraging innovations and new products."

Around 90 exhibitors are participating in IMTEX Connect 2021 and IMTMA expects around 8000 visitors from major manufacturing industries to participate in the show. The event features technical sessions, B2B meetings and participation from 5 international associations. The show has received encouraging response from visitors across 28 countries.

21 - 27 January 2021

Retrospect

The next physical show IMTEX 2021 & Tooltech 2021 will be held from 17th - 23rd June 2021 at Bangalore International Exhibition Centre in Bengaluru.
